PRIMAL™ AB-100 Clear Top Coat
New Dow Coating Materials Development for Interior Wall Coatings based on INVIZIPRO™ Technology

Regional Product Availability
Asia-Pacific

Description
PRIMAL™ AB-100 Clear Top Coat is a 100% acrylic polymer ready to use product from Dow Coating Materials. It is based on the new INVIZIPRO™ technology platform developed by Dow Coating Materials for functional clear coats. PRIMAL™ AB-100 Clear Top Coat is particularly designed for use on interior wall coatings. This ready to use product provides the interior wall with a unique combination of surface properties including superior stain resistance (especially against liquid stains), superior burnish resistance, soft-touch feel, good flattening effect, water whitening resistance and washability.

Key Features
- Stain and burnish resistance
- Soft touch
- Ready to use

Benefits
- Suitable for residential use interior paints
- A promotional aid for home decoration and a variety of other applications
- No further formulation required. Quick to market

Typical Properties
(These properties are typical but do not constitute specifications.)

Handling Precautions

Before using this product, consult the Material Safety Data Sheet (MSDS)/Safety Data Sheet (SDS) for details on product hazards, recommended handling precautions and product storage.

Storage

Store products in tightly closed original containers at temperatures recommended on the product label.

Disposal

Dispose in accordance with all local, state (provincial) and federal regulations. Empty containers may contain hazardous residues. This material and its container must be disposed in a safe and legal manner.

It is the user's responsibility to verify that treatment and disposal procedures comply with local, state (provincial) and federal regulations. Contact your Dow Coating Materials Technical Representative for more information.

Chemical Registration

Many countries within the Asia-Pacific require the registration of chemicals, either imported or produced locally, prior to their commercial use. Violation of these regulations may lead to substantial penalties imposed upon the user, the importer or manufacturer, and/or cessation of supply. It is in your interests to ensure that all chemicals used by you are registered. Dow does not supply unregistered products unless permitted under limited sampling procedures as a precursor to registration.

Note on Asia-Pacific Product Line

Product availability and grades vary throughout the countries in Asia-Pacific. Please contact your local Dow Coating Materials representative for further information and samples.

Product Stewardship

Dow has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our product stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Dow products - from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

Customer Notice

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.
